ABOUT NEW ENGLAND PVA

Paralyzed Veterans of America is the only Congressionally chartered non-profit organization dedicated solely to supporting and advocating for the benefits and medical care of our country's most catastrophically injured veterans, spanning conflicts from WWII thru the current War on Terrorism in Iraq and Afghanistan. Through our support and advocacy, we strive to change the lives and build brighter futures for these seriously injured heroes—to empower these brave men and women, who gave so selflessly of themselves, with what they need to achieve the things they fought for: Freedom and Independence.
